

Standard Isolate POE Splitter

Modello:TC-1210j

【Product Description】

SunSoont non-waterproof POE splitter is an economical and practical PoE remote power equipment base on IEEE802.3af/at standard. It can separate the power and data via cable transmission. Proper matching use with poe switch or PSE injector which meet standard IEEE802.3af/at, Provides power and data at the same time for the terminal device does not support PoE.

PoE splitter, output voltage of 12V use with the power supply equipment, It helps to expand wireless city, Security monitoring and other poe practical place, and is not restricted by layout of power line.

【Features】

- Support international standard IEEE802.3 af/at;
- POE port Support 10/100Mdata transmission
- PD support 44V-57V voltage transmission, Automatically detects power supply from PSE power supply module
- 5V/2.4A power output using TYPEC ,the TYPEC port only for power-charging.
- Support the isolation circuit protection, can effectively protect electrical equipment.
- Support the short circuit, over voltage protection
- 1500V high voltage isolation

【Technical parameters】

Product Name	Standard isolate POE splitter
Transfer Rate	10/100Mbps
Power	Input 48V DC, Output 12V/1.5-2A
Standard	IEEE802.3 af/at
TRNF	1/2(+),3/6(-);4/5(+),7/8(-)
Interface Type	1 Input RJ45 port, 1 output RJ45 port, 1 DC output
Weight	0.1KGS
POE Output	15.4W/24W
Application	IP camera/AP
Environment	Work within -20~50°, Storage within -30~60° Work within 10%~90% Non-condensing, Storage within 5%~95% Non-condensing
Dimension	30*25*81mm

【Details Picture】

Application

HD IP Camera within POE power supply function

4 Port POE power supply switch

HD IP Camera without POE power supply function
